METAL GUARDIAN FAUST

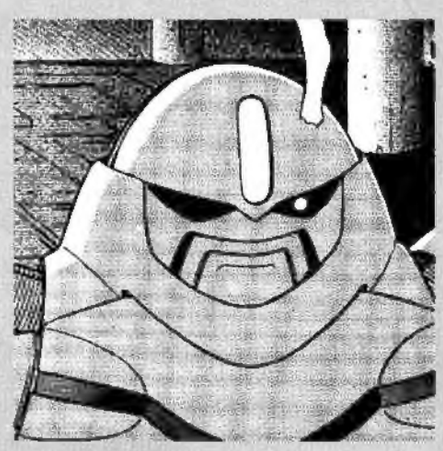
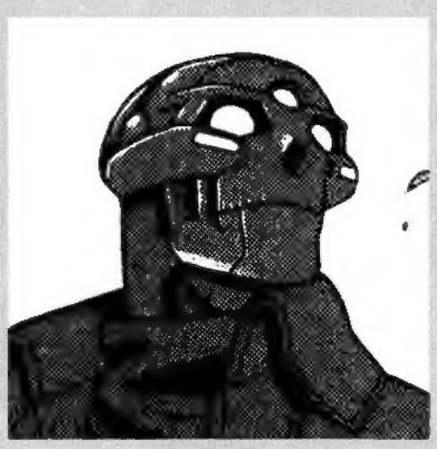
The unforgettable story of a girl and her robot! When schoolgirl Rushiha is suddenly attacked by a humanoid robot, another robot appears out of the blue to rescue her! Who sent him? And why does he insist on staying on as her personal bodyguard?



Name: **DONNER**
Identity: R.R. CORPORATION ROBOT
Notes: A superb combat robot. Designed to transform electricity directly into offensive power, this robot can contain and freely manipulate giga-coulombs of energy.



Name: **BLITZ**
Identity: R.R. CORPORATION ROBOT
Notes: Because Blitz's brain is partially human, he sometimes behaves in unpredictable, eccentric ways. This also explains why he can function in the Meta-tron Zone, generated by Donner, which disables robots.
